In what ways has the placement enabled the student to develop his/her skills?

Please define the student's strengths and weaknesses and summarize your overall impressions and please feel free to comment on any other aspects of the student's work that you consider to be relevant

If you had similar projects next year, would you be interested in receiving a student from a similar academic background?

Please give your name and position within the company:

The appraisal is an important element of the academic assessment process, thank you for your help.
